Lena Johnson alleges that Silvert I. Johnson has treated her in a cruel manner and has failed to provide for the support of herself and four children. The couple were married at Lake Park, Iowa, February 25, 1897. She asks for custody of the children.

TWENTY-FIVE MILES OF PAVED ROADS TO BE CONSTRUCTED IN WEBER COUNTY THIS YEAR

Including the paving of the Ogdien canyon road from the city limits to the city wells, approximately 25 miles of paved road will be built in Weber county within the next two years, and within the present year if the work can be completed, according to an announcement made this morning by the county commissioners as a result of their meeting with the state road commission in Salt Lake yesterday.

Weber county agreed with the state officials that the county would pay 20 per cent of the total cost, provided certain sections of proposed hard surfaced roads were included in the plans. After considering the proposition overnight, the state road commission decided to adopt the agreement, and they sent word this morning to the Weber county commissioners that they had accepted the offer.

The 25 miles includes two miles through Riverdale on the state highway, connecting that community with the city limits of Ogdien with a hard surfaced highway all the way; four

HERO OF CHATEAU-THIERRY HAS LOVE AFFAIR AND THEN FALLS INTO THE HANDS OF THE LAW

That the Marine must have excitement is brought out by the series of dramatic incidents that have crowded into the short furlough granted to Thomas J. John, a Provo boy, who has a number of relatives in Ogdien. John's career for more than a year past has been filled with incidents that would make an ordinary book. John is not a bad fellow. In fact he is a good chap.

He went to France two years ago with the United States Marines. He fought at Chateau Thierry and many of the other notable sectors. He was cited for his gallantry. He was wounded in action and then reported dead. His mother and father and friends and relatives in Ogdien and Provo, mourned him for dead. But all the time he was in a base hospital. A short time ago he came home, not with a discharge from service but with a furlough. He likes the service and will continue in it.

Beat Up A "Civvie"
When John reached Provo there was a big family reunion and much rejoicing. But it is stated that there was one whom John was as much delighted to see as anyone outside of the family circle. During the few days he would have for the furlough, John expected to see much of her. On the night of April 5, he took her to a dance. There was a "civvie" there who had been paying much attention to her in the absence of John in France. The "civvie" had made a rush to the shipyards when war was declared and then cursed his luck because he did not have a chance to go to France. Well, so the story goes, the "civvie" was paying too much attention to the girl on the night of the dance and then the Marine demonstrated what the American boys did at Chateau Thierry. The "civvie" went to the hospital and the Marine to jail. But John was released the next day.

Car Stolen on Same Night
About the time that John was delivering the "sleep powder" to the rival at Provo, Edward Russell, alias Edward Rust, was stealing an automobile at Blackfoot, Idaho, and had headed south. Rust succeeded in escaping attention until he reached Provo. There he met the unhappy Thomas John, an American fighter. John accepted the invitation to take a trip to Evanston. The trip to the Wyoming oasis was made without mishap. A case of liquor was secured together with a gallon of wine and the boys started for home. They were coming merrily along through Weber canyon at daylight Sunday morning, when out of the grey dawn came the mouth of the canyon there loomed the form of five members of the sheriff's department.

Never Halt or Turn Back
The command to halt or turn back had little effect. John told Rust that at Chateau Thierry, when the retreating French soldiers told the Americans to turn back because the Germans were coming, the Americans said, "Turn back? Why hell, we just got here and our orders are to go forward." And you bet we did," added John. "So let us keep on and—fast at that."

The next moment Rust opened up the car and the chase was on. The race continued for seven miles during which time John was busy "ditching" the liquor ballast as fast as possible. But the race was short and the officers of the law came out victorious. The boys were brought to the county jail.

Rust Goes To Idaho
An investigation was then made by the sheriff's department and it was found the car driven by Rust had been stolen from Blackfoot. Sheriff J. T. Simmons hurried in Ogdien this morning in response to a telegram from Sheriff H. C. Peterson.

When Sheriff Peterson advised the Idaho sheriff that John was in jail at Provo on the night the car was stolen and that John had apparently been a victim of circumstances, Sheriff Timmons said that he would leave John and take Rust back to Blackfoot. The trip to Blackfoot by the sheriff will be made in the car that had been stolen. Rust goes along as a passenger this time, but he will have an Oregon boot weighing twenty pounds to persuade him to remain in the car at all times.

It was stated that as John's furlough will expire in a short time that a recommendation for leniency will be made in his case and he will receive a suspended sentence or a light fine. The disposition of the officers is to show John much consideration in view of the fact that he seems to have been the victim of circumstances rather than of viciousness.

room were exceptionally attractive with lovely bouquets of spring flowers, potted plants and ferns. In the blue room card tables were arranged for those who did not dance and a number of the guests enjoyed games while others tripped the light fantastic until a late hour when refreshments were served in the dining room. The tables were prettily decorated for the event and the luncheon served was exceptionally refreshing. Punch and wafers were served in the ballroom during the entire evening.

The program of dance numbers was delightful and Miss Thatcher's enlarged orchestra seemed to play extraordinarily well for so many of the dances were encored. The party last evening was indeed one of the largest, most auspicious and thoroughly delightful affairs given in Ogdien for some time and those on the committees arranging the event are worthy of high praise.

The grand march at 9:30 o'clock was especially effective and it was led by the worthy matron of Miriam chapter, Mrs. A. W. Putnam and the president of the Masonic club, Mr. Albert Ward. Mr. and Mrs. John S. Lewis followed.

Reinhart L. Gideon Admitted to the Practice of Law

Valentine Gideon, justice of the supreme court, today was advised by his son, Lieutenant Reinhart L. Gideon, of his admittance to practice in the Connecticut courts. The news was contained in the following clipping from the Hartford, Conn., Times of April 12:

Reinhart L. Gideon, in the office of Judge Joseph P. Tuttle in this city, was recommended for admittance to the Connecticut bar at a meeting of the Hartford County Bar association Friday. Mr. Gideon is a son of Judge Valentine Gideon of the supreme court of Utah. He was a classmate of United States District Attorney John F. Crosby at the Harvard law school, and was admitted to the bar in Utah in 1915.

He was in active practice there two years before going into the military service, where he was commissioned a lieutenant. He was admitted to the bar at the session of the superior court today.

The W. F. Jensen Candy company has filed articles of incorporation with the county clerk. The capital is given at \$75,000 with shares of the par value of \$100 each.

The following are the directors and officers: W. F. Jensen, president; James P. Jensen, vice president; J. A. Carlson, secretary-treasurer; John F. Staley, L. W. Pack and Alfred Christensen.

The principal place of business is Ogdien. The company has secured the Peery building at the corner of Twenty-fourth street and Lincoln avenue which is being remodeled.

Utah Boys Are Arriving Home From Overseas Service

Another large contingent of discharged soldiers arrived in Ogdien this morning from Fort Russell. Most of the men resided in Utah and Idaho, and were former members of the 36th infantry.

The boys reported that the 362nd infantry had reached Fort Russell and was being released. They stated that if they were not held up in some manner, many of them would reach Ogdien this evening or in the morning. This regiment is composed almost entirely of Utah and Idaho boys and a great many Ogdien boys are with them.

Some of the soldiers were an emblem of service with the A. E. F. which was a badge on the left collar. The letters A. E. F. are in gold and set on a bar denoting the rank of the soldier while in the service.

Capt. John Heywood Addresses the Local Rotary Club

Captain John Heywood, son of Mr. and Mrs. Abbot R. Heywood, was a guest of the Rotary club at a luncheon given today noon at the Weber club and spoke before the Rotarians on the subject of the loss in getting munitions from the factory to the front lines.

In his speech before the club, Captain Heywood vindicated the quartermasters' corps, which has been somewhat maligned, he said, for the great losses of munitions have been the firing line. He stated that the losses were great, were inevitable in modern warfare. He said that the largest losses occurred after the munitions had left the rail-head and were taken in trucks to the front line, being often destroyed by shell fire.

The captain showed in his talk that the Germans had maps of each road and kept more or less constant shell fire falling on the intersecting points, often making blind hits and more often being sure in firing by aeroplanes or other means of getting the range.

Although most of the hauling of munitions was done at night there was tremendous losses occasioned by shells striking munitions trains, often involving the loss of the entire train.

RESPECT SHOWN

TEN THOUSAND DOLLARS GIVEN TO GOLDEN SPIKE CELEBRATION BY THE RAILROAD COMPANIES

The committee on arrangements for the celebration of Golden Spike day is assured of railroad company funds to assist in the proper observance of the day in the amount of \$10,000. This fact was indicated in telegrams from New York where the head offices of the Union Pacific and Southern Pacific are located and was positively confirmed this morning by telegrams received by H. L. Bell, superintendent of the Ogdien Union Railway and Depot company, from E. E. Calvin, Mr. Calvin directed Mr. Bell to convey congratulations of himself to Mayor Browning and Warren L. Wattis, president of the Weber club, on the success of their efforts to secure suitable donation.

A meeting of the general committee has been called by Chairman Browning to assemble at the city hall tomorrow morning at 10:30. This appropriation of funds by the railroad companies is the result of the joint efforts of the Weber club and the city and county governments, acting in full co-operation with local railroad men and other interests. At the meet-

ing of the general committee about a week ago, it was decided to defer completion of definite arrangements for the celebration until full report could be had from Warren L. Wattis, chairman of the finance committee, as to the funds that would be available. Mr. Wattis, as president of the Weber club, arranged for a conference with E. E. Calvin, federal manager, in charge of the Union Pacific, and a luncheon was given in Mr. Calvin's honor at the Weber club. At this time the matter was discussed with Mr. Calvin by Mayor Browning and Mr. Wattis, and federal manager agreed to place the facts, together with his recommendations, before the presidents of the Union Pacific and Southern Pacific companies. Messages inviting both these officials to the celebration were sent by Mr. Wattis who was designated by Mayor Browning to do this work, and telegrams requesting a contribution were also sent by the committee in the name of the city, with the result that the specific information that \$10,000 would be immediately placed at Mayor Browning's disposal.

BOYS WHO STOLE AN AUTO WILL BE SENT TO INDUSTRIAL SCHOOL, IF THEY FAIL IN DEPORTMENT

The four boys who stole the automobile belonging to W. R. Skeen last Sunday and drove it at racing speed into Morgan county, going so fast they could not be stopped as they sped through Morgan and had reached Devil's Slide before they were apprehended, appeared before Judge Dan Sullivan of the juvenile court this morning and were fined the sum of \$10.25 each to pay the damage done, and they were also sentenced to the state industrial school, under a one-year suspension.

In addition to the suspended sentence, the court imposed certain restrictions on the liberty of the boys, among them being that they must be in their homes each night by 10 o'clock; they must attend school every day until the end of the term and then get jobs in the city or be committed to farms in the county during the vacation period; and if at any time they violate the terms of probation, they will be immediately sent to the industrial school until they reach the ages of 21 years.
